

PayDay Super is coming.. Are You Ready?

We wanted to reach out with an important reminder about upcoming changes to superannuation that will affect most Australian Employers.

From 1 July 2026, the Federal Government's new Payday Super rules require employers to pay Superannuation contributions at the same time as wages - replacing the current quarterly payment cycle. This is one of the most significant changes to payroll obligations in many years and will require action from most businesses.

We're here to help.

If we haven't already spoken with you about what this means for your business (if it applies to you), please know that we'll be in touch very soon. We're currently working through our client base to ensure that nobody is caught off guard.

Of course if you'd prefer not to wait or have any questions in the meantime, we'd love to hear from you. Simply give us a call or send us an email and we'll make sure you're fully informed and set up and ready before the deadline.

We appreciate your continued trust in us and look forward to supporting you through this change.

The PayDay Super commences 1st July 2026.
